Student Membership Sign-Up for FS2019

The following information is your official information recorded with Missouri S&T. Please review all of this information for accuracy. If you find any errors you may update it by using [Joe/SS](#) or by contacting the Registrars Office. Please note that changes made using Joe/SS, will not be reflected here until the next day. You may continue the sign-up process, but you are agreeing that you submitted changes to any incorrect information on the date of sign-up.

Please note that by applying to be part of a student design team, you are allowing member managers, advisors, and SDELDC administrators to see directory information such as first name, last name, major, level (freshman, sophomore, graduate, etc.), and email address. This information is required for processing team membership and will be available to those listed above as part of the SDELDC programs regardless of whether you have invoked your FERPA rights to restrict the release of directory information. The information collected will only be used for the purpose stated above and destroyed when no longer needed.

<input type="checkbox"/> Vertical Short Takeoff Landing			

- Please read over the information for student membership sign-up and follow the instructions carefully. Enter a primary phone number and alternate email address (NOT your S&T email) (blue box). Then select your desired team and Continue (red circle).
- From this point on, you will have to sign a Risk & Release form and a Photography/Videography Release form. Please read and understand these documents carefully. They are meant to protect both you and the design center.
- You will be automatically invited to join the respective team's engage page. This is extremely important as this is how we send out mass-team emails.

Welcome to the Student Design Center!
